

Item Code: LH-01

Full body harness with front and rear attachment points

Overview

The LITE is a full body fall-arrest harness; lightweight, ergonomic, and suitable for most work at height activities. The harness is easy to fit, fully adjustable, and utilises textile rings at the chest and hips to allow the harness to adapt to the user's body shape naturally. A simple webbing color-code highlights where to adjust the harness. Includes a durable and lightweight textile front attachment point, soft plastic rear attachment back pad, and web ties. Designed and manufactured in the UK.

Key Features

Simple & light weight

Textile rings allow harness shape to change for a better fit, and suit the user body shape when stood, sat or kneeling.

Textile front d-ring is lightweight, durable and reduces encumbrance

Colour coded webbing to easily identify the adjustment sections of the harness

Available sized: S-L / XL+
