

Item Code: LH-04

Work positioning belt with textile side attachment points

Overview

The LITE work position belt; lightweight, fully adjustable, ergonomic, and suitable for specific work at height activities. The durable textile side attachment points reduce weight and assist mobility. Not for fall arrest. Designed and manufactured in the UK.

Key Features

Simple & light weight

Highly breathable comfort padding with excellent durability and wear resistance.

Durable, wear resistant textile side attachments

Sewn pockets to the rear of the belt allow for connection of accessory equipment i.e., tool bags, and tool tethers.

Maximum waist size: 55" (standard)

Available sized: S-L / XL+
