

Product Specification Sheet

Lite Padded Full Body Harness

Item Code(s): LH-01PAD & LH-06PAD

The LITE is a full body fall-arrest harness; lightweight, ergonomic, and suitable for most work at height activities. The harness is easy to fit, fully adjustable, and utilises textile rings at the chest and hips to allow the harness to adapt to the user's body shape naturally.

A simple webbing colour-code highlights where to adjust the harness. Includes a durable and lightweight textile front attachment point, soft plastic rear attachment back pad, and web tidies. This harness features a highly breathable, flexible shoulder pad to improve the comfort and durability of the harness. The harness has the option to come fitted with quick lock buckles, and a steel d-ring attachment point. (LH-06PAD)

Specs:

- Simple & light weight
- Highly breathable comfort padding with excellent durability and wear resistance
- Textile rings allow harness shape to change for a better fit, and suit the user body shape when stood, sat or kneeling.
- Textile front d-ring is lightweight, durable and reduces encumbrance
- Colour coded webbing to easily identify the adjustment sections of the harness
- Standard size fits: S-L - available in XL

Technical Features

- Standard: EN361:2002
- Compliance: CE & UKCA
- Max user weight: 100kg
- Materials: Polyester, steel
